

PETER KHELLA

1504 S 3rd St, #F, Alhambra, CA. 91803 | C: (626) 380-7646 | E: khellapeter@gmail.com

PROFESSIONAL SUMMARY:

Seeking a junior front-end developer position with a company that cultivates employee growth and will allow me the opportunity to contribute to the success of the organization with my acquired skills in HTML, CSS, and JavaScript.

EXPERIENCE:

Farmers Insurance, Ontario, CA

March 2020 - Present

Auto Physical Damage Specialist

- Complete virtual and field vehicle inspections by reviewing, preparing, and adjusting estimates for repair facilities using claims estimating software.
- Review claims file, determine coverage and claims related damage, verify parts availability, negotiate settlements with clients, and issue claim payment. When applicable complete total loss evaluations, obtain actual car value, and settle total loss claims.
- Review damages and repair process with clients, assist with rental management, and properly document files.

Mercedes-Benz of Foothill Ranch, Lake Forest, CA

November 2017 – February 2020

Qualified Line Technician

- Responsible for diagnosing all Mercedes-Benz models mechanical failure, complex drivability problems, and safety problems in automotive equipment to determine appropriate repairs needed with efficiency and accuracy in accordance with dealership and factory standards.
- Serviced and replaced transmissions, air-conditioning, engine mounts, belts, rotors, hoses, steering systems, spark plugs, brake and fuel systems, and wheel bearings.
- Performed alignments and adjusted camber, caster, and toe settings.
- Conducted battery/charging system testing, Multi-Point inspections and warranty repairs and recalls.
- Removed and replaced a variety of automotive components including windshields, engines, turbo chargers, intercoolers, head gaskets and torque converter replacements and adaptations.
- Performed routine maintenance inspections and provided labor and time estimates.
- Documented work performed on each vehicle and communicate with Service Advisors regularly to effectively manage production and Customer communication.

Mercedes-Benz of Anaheim, Anaheim, CA

January 2014 – November 2017

Qualified Line Technician

- Responsible for examining and completing vehicle bumper-to-bumper repairs, inspections, and diagnostics on all Mercedes-Benz models, to determine the extent of damage or malfunctions.
- Performed routine maintenance inspections and replacements such as, engine air filters, drive belts, motor mounts, spark plugs, oil filters, brake pads and rotors, and coolant hoses.
- Performed routine maintenance inspection and fluid exchange on SBC and non SBC brake systems, cooling systems, power steering systems, Active Body Control suspension systems, and transmission and differential systems.
- Performed AC diagnostics and repairs, recharge and tests.
- Performed Xentry short tests to inspect vehicle control units for proper function and operation.
- Performed major repairs such as engine removal and teardown head gasket replacements, transmission and torque converter replacements and adaptations.
